Waiting at the Arusha airport, a woman approached me trying to sell a hat emblazoned with the words *Tanzania: Hakuna Matata!* "Unadanganya dada," I told her, to which she readily agreed. Life in this community which we call home is full of challenges.

At the close of a year, it is typical to list all the blessings we have enjoyed and the accomplishments we have achieved. Indeed, we don't want to ignore the ways that God has blessed us in through a year marred by a pandemic. For many in our international ACC community, Covid 19 has opened global communication channels that we barely knew existed. We have worshiped with old friends across continents. We have been able to keep in closer contact with family members scattered around the globe.

On the other hand, at the end of a year such as this, if we focus just on the good things, and gloss over the trials, we disrespect those who have suffered and those who continue to suffer. Can we embrace our pain, recognizing that it in some profound way, it brings balance to life?

Job's friends told him that his suffering resulted from his own sin and impurity. They argued that a just God would never make a righteous man suffer! And yet that same God answered them with anger, saying that they counselled falsely (see Job, Chapter 42). The book of Job does not tell us why the righteous suffer, but it tells us clearly that we should honour and remember them.

So at the end of this year we want to honour and remember those in our midst who have suffered because of Covid-19 and other causes. Those we have lost, despite the measures we have taken to keep our community safe. We know not why they suffered, but we cherish the time they spent among us, and know that their suffering is part of a larger mystery that only God understands.

Our hope and our prayer is that in 2022 we will move from struggling with a pandemic to managing Covid 19 as an endemic reality of our lives. With this hope in mind, the ACC council is planning to resume several activities which have been halted for over a year. Children's Sunday school will resume in a limited fashion in January. The activities of the Evangelism and Outreach Committee and the Projects and Benevolence Committee will also resume.

In order to undertake these ministries, We count on our congregation's members to join in a variety of ways. First, we implore *all* members to protect themselves and those around them by becoming fully vaccinated. This is critical to safely resuming such corporate activities together. Your financial support will also be critical to resuming the external ministries of our congregation. For the past two years, with reduced attendance and offerings, we have not had the funds to carry out external ministries. The budget that the Council will present at the 2022 Annual General Meeting represents step in faith, assuming that our giving will increase so that 15M Tsh will be available for such activities.

We know that life will continue to present us with challenges. But as a people of faith, we also know that we are sustained through life's trials by a hope beyond worldly reason.

ACC ANNUAL GENERAL MEETING: Sunday 6th February 2022 After Sunday service

ACC's Annual General Meeting is not just 'another meeting'. It is a very important meeting in our church life, and written into our Constitution. Key activities are part of this meeting.

• Council elders are elected to serve the congregation: Who do you want to serve you on Council?

• The Annual Budget Proposal is presented and voted on: How have your offerings been used in the past year? How do you want your offerings to be used in the coming year? Are you willing to make a financial commitment to ACC?

• Committees give their annual reports: What has or has not happened? Can you offer some of your time and skills to be part of a committee, or involved with committee activities and programs? How can you serve God and the congregation?

News from the Christian Education Committee - Sunday School Classes

TEACHERS NEEDED!

The Christian Education Committee would very much like to restart Sunday School classes for the older aged group, children aged around 9 to 11 years, starting the middle of January. However, this is also dependent on the covid situation then, as well as strengthening the SS teaching team. Teachers and teaching assistants are very much needed. If you have any interest in this program at all, please give you name and contact information to Vivi in the church office (in person or by email).

Deuteronomy 31:8

"But the Lord is the one who is marching before you! He is the one who will be with you! He won't let you down. He won't abandon you. So don't be afraid or scared! "
